

Sakshi Gupta

Indian Contemporary Artist

Sakshi Gupta is an Indian contemporary artist who specializes in building emancipatory sculptures out of industrial waste, metal scrap and other leftovers of industrial growth in a form of art often referred to as 'poor art'. Her installations are a social commentary of the journey between the heavy industrializing ethic of the past to a movement to the digital age, among other artistic expressions in her artworks.

Born 1979, New Delhi

Lives and works in New Delhi
